The contents of this bill are almost identical to AB 938 (Umberg), which passed both houses and was vetoed by the Governor. However, AB 1759 appears to address the Governor's veto message by lowering the threshold of \$10,000 (as it appeared in AB 938) to \$5,000 as it currently reads in AB 1759.

AB 534 Montanez Disqualification and disclosure A-08/29/05

This bill was gutted and amended on August 29, 2005, to impose a “piercing” provision in the income disclosure and disqualification provisions of the Act. Under existing law, SEI filers holding a 10% or greater interest in a business entity must report sources of income to that business entity of \$10,000 or more. This bill would require that the filer also report the name of any person paying more than \$10,000 to one of those reportable sources of income. For example, a public official who holds a 50% interest in a law firm already reports the names of clients paying his firm \$10,000 or more in a calendar year. This bill would require that this public official also report any person (including non-individuals) that the official should know is paying \$10,000 or more to one of his firm’s reportable clients. In addition, the bill would make the newly reportable source of income disqualifying under section 87103.

Chaptered Bills

Bill No.	Author	Title	Chapter Number
----------	--------	-------	----------------

AB 1129 Mountjoy Judicial Elections Ch. 6, Statutes of 2006

This bill previously amended the PRA. As chaptered, this bill will, until January 1, 2007, require a candidate for a judicial office to file their candidate statements by the 83rd day before the election instead of by the 88th day as currently mandated. This bill takes effect immediately as an urgency statute.

AB 1234 Salinas Local Agencies: Compensation and Ethics Ch. 700, Statutes of 2005

As chaptered, this bill clarifies the rules pertaining to compensation of local government officials when they attend authorized meetings and conferences, and it requires local agencies to establish guidelines for reimbursing local officials for actual and necessary expenses incurred in the performance of official duties. Most pertinent to the Commission is that the bill requires ethics training for local government officials and selected employees of a local agency that provides such compensation or reimbursement. If a local agency develops curricula to satisfy the training requirements, the agency must consult with the Commission and the Attorney General regarding the sufficiency and accuracy of any proposed course content. Commission staff has added an item to the regulatory calendar to address the consultation requirement.

AB 1755 Committee Commission-sponsored Omnibus Bill Ch. 200, Statutes of 2005

As chaptered, this Commission-sponsored measure makes the following changes to the Political Reform Act: 1) deletes reporting provisions relating to the now-obsolete March state primary; 2) clarifies that a late contribution report or a late independent expenditure report is not required to be filed by a candidate or committee that has disclosed the late contribution or late independent expenditure pursuant to a specified electronic report; 3) extends from 30- to 45-days the period during which a candidate may leave one office and assume another without having to file a new SEI; 4) clarifies that a candidate for city treasurer is required to file a statement of economic interests with the city clerk and that a candidate for judge is required to file a statement of economic interests with the person with whom the candidate's declaration of candidacy is filed, instead of filing the statement with the clerk of the court.

SB 8 Soto Local Post-Gov. Employment Restrictions Ch. 680, Statutes of 2005

As chaptered, this bill extends to local elected officials, county chief administrative officers, city managers or administrators, and special district general managers or chief administrators the one-year post-governmental employment restrictions ("revolving door" ban) currently applicable to state public officials. It prohibits these local elected officials from lobbying the local government agency of which that official was a member for a period of one year after leaving office. It exempts from the prohibition individuals who are appearing or communicating on behalf of another local government or public agency of which the individual is a board member, officer, or employee. The provisions of SB 8 will take effect on **July 1, 2006**, imposing on the Commission an estimated annual cost increase of approximately \$168,000. A budget change proposal has been approved by the Department of Finance for funding and positions to implement this legislation.

ACR 1 McLeod Proposition 71: stem cell research Ch. 128, Statutes of 2005

As chaptered, this measure urges the Independent Citizen's Oversight Committee established pursuant to Proposition 71 approved by the voters at the November 2, 2004, general election, to adopt robust conflict-of-interest standards for itself and for the members of its working groups, to comply with standards set forth in provisions of law relating to open meetings of public agencies and public records, and to report to the Legislature by January 1, 2006.
